

Reference: TENDER NO. : DGH/MM/Consultant Gas Pricing/229/2014-15/ENQ-147 for Study for Gas Price Premium for Deep-water, Ultra-deep-water and HP-HT areas.

Subject: DGH clarifications to bidders' queries with respect to above mentioned limited tender:

SL. No.	Bidder's Query	DGH Reply
1	DGH may please clarify whether joint venture / consortium bidding is allowed for this tender?	The current tender being limited tender restricted to identified firms, the bidders are required to submit bids in their name only. The bidders are, however, not prohibited to have backup arrangements to accomplish the task.
2	NDAs signed with our clients prohibit us from sharing letters of award / completion certificates. It is difficult to get statutory audited certificate within such tight timelines. We would request you to consider a self certified list of executed assignments. The self certification will be carried out by an authority who is competent to sign on behalf of the firm.	Self certification is not acceptable. Please be guided by tender conditions.
3	DGH may please clarify to what extent DGH can provide or share historical information on Indian blocks	Information in public domain as available on DGH website can be referred for immediate information.
